WHAT COULD EARNING AN EXTRA

A MONTH MEAN TO YOUR FAMILY?

For so many families, earning a few hundred dollars extra per month is the difference between getting by and living the life of their dreams.

By sharing Body Balance or other Life Force products with health conscious people, the **Thank You Checks** we send to you could easily cover your own monthly product order and put extra spending cash in your pocket.

You are already realizing the health benefits by taking the products. Now, when you share the products with people you care about, we will send you a **Thank You Check** as our way of thanking you for reaching out to improve the lives of those you love.

*You're already recommending Life Force products to your family and friends.

WHAT PEOPLE ARE SAYING ABOUT THANK YOU CHECKS

Thousands of Customers have improved their health by taking Life Force products daily, and many more Members have increased their income by sharing the products.

J. Leigh Mestas
Durango, CO

*"When I first started taking the Life Force products I was at a middle-management job which was going nowhere. I was working 60 hours a week and was trying to fit in physical therapy, family and kids. It was truly a tough time. I decided to share the products for one month and after my first 30 days, Life Force sent me a check that was bigger than my salary when I was teaching! Because of the **Thank You Checks**, I now have the time to spend with my family, community, and most importantly myself. Thank you, Life Force, for allowing me to own my life!"*

*"I've been working in the alternative health field for over a decade and Body Balance has always been a key component in my own health regimen. Because of the health benefits of Life Force products, recommending them to my patients is something I do regularly. The **Thank You Check** program gives me an opportunity to offer others an important tool for their own preventative health program while also developing a great additional source of income for myself!"*

HOW TO EARN A THANK YOU CHECK

Follow these two easy steps to share the gift of health and get rewarded for your loyalty with **Thank You Checks**.

STEP #1 Share the Products

Chances are you've already mentioned some of the products in passing because of the profound impact they have had on your own health. Now get rewarded for sharing by:

- Sharing your personal experience with the products.
- Comparing the difference between healthcare through "crisis medicine" or a true preventative approach by caring for the body and giving it what it needs.
- Taking them to the Life Force website at www.lifeforce.net or showing them a product catalog.

STEP #2 Help Your Friends Place Their First Order

When your friends place their first order, they must provide your Customer ID to ensure that you receive a **Thank You Check**.

Friends can be enrolled through our website or you can place a 3-way call to Customer Service. By taking a couple of minutes to help that person place their first order, you are ensuring that they have a positive experience and that you will receive a **Thank You Check** for your effort.

Remember,

your friends can also benefit from **Thank You Checks** if they begin referring others to the products!
